

TOP 10 IN 10 INNOVATION ROADSHOW

The landscape is changing as Michigan embarks on the journey to become a Top 10 education state in the next 10 years. The Michigan Department of Education (MDE) will be hosting seven events across the state that will demonstrate ways that districts and schools can maximize both their state and federal funding to be inclusive of a well-rounded education that supports Personalized and Deeper Learning. This event will highlight local exemplars and begin the collaborative conversations specific to three key focus areas: well-rounded educational opportunities, safe and healthy students, and effective use of technology.

Join us in this collaborative effort between MDE's Offices of Education Improvement and Innovation, Field Services, Career and Technical Education, School Support Services, along with our partners through the Great Lakes Stewardship Initiative, Math and Science Centers Network, and the Technology Readiness Infrastructure Grant at one of the following locations.

- May 2 – Marquette Alger RESA
- May 4 – Kalamazoo RESA
- May 11 – Innovation Zone at the Genesee Career Institute
- May 15 – Mecosta-Osceola RESA
- May 16 – Oakland Schools
- May 24 – Gateways to Success Academy-Ludington
- May 31 – Cheboygan-Otsego-Presque Isle ESD

*All events will take place from 8:30 a.m. – 3:00 p.m.
